## Adpave - (40mm) General Duty System

This UK Manufactured clip-together cellular paving system can be gravel-filled or alternatively can be filled with a suitable growing media and seeded to create an aesthetically pleasing grass surface.

AdPave provides a permanent solution for parking or vehicle access routes. AdPave provides a fast and efficient method of upgrading worn concrete or tarmac surfaces without the expensive removal of the existing surface.

When filled with decorative gravel the structural 'cells' in the pavers create an attractive and exceptionally hard wearing surface and eliminate the problem of gravel 'migration'. The cells can alternatively be filled with soil and then seeded to produce a natural grass surface with the strength to handle all kinds of pedestrian and vehicular traffic.

4x Panels Required per Square Metre

Product Data	AdPave
Product Code	65101
Nominal Size	0.5m x 0.5m
Depth of Unit	40mm
Locking Method	4 lugs per side
Unit Weight	1.6Kg
Colour	Black
Infiltration Rate	>5,000mm/hr
Lateral Drainage Void Ratio	>12%
Infill Surface Area	>90%
Compressive Strength (Filled)	3,600kN/m <sup>2</sup>
Pallet Size	1m x 1m x 1.2m
Pallet Quantity & Weight	120 No (30m <sup>2</sup> ), 210Kg

*Excellent levels of stock, outstanding service*

# HGVGrid Parking Grids

**NAYLOR**  
INDUSTRIES

## HGVGrid (75mm) Heavy Duty System

Made from 100% recycled plastic, Naylor HGVGrid is very high strength modular system, able to withstand the vigours of regular HGV traffic movements whilst providing an exceptionally durable porous surface.

The HGVGrid pavers are 600mm x 600mm x 75mm thick (2.78 per m<sup>2</sup>) and weigh just 10.7kg so are well within the HSE manual handling limits. The unique and innovative male female connection between units prevents uplift – even under extreme loads.

Suitable for:

Park & Rides, Car Parks, Emergency Access Roads, Vehicular Hard Standings, Light Aircraft Taxiways, Verge Reinforcement, Lay-bys, Bus & Coach Parks, Lorry/Truck Parks, Farm Yards

Demarcation Blocks Also Available

Product Data	HGVGrid
Product Code	65132
Nominal Size	0.6m x 0.6m
Depth of Unit	75mm
Locking Method	Unit Interlock - prevents uplift
Unit Weight	10.7Kg
Colour	Light Grey (concrete colour)
Infiltration Rate	>4,000mm/hr
Lateral Drainage Void Ratio	>20%
Infill Surface Area	>63%
Compressive Strength (Filled)	10,000kN/m <sup>2</sup>
Pallet Size	1.2m x 0.8m x 2.2m
Pallet Quantity & Weight	70 No (25.2m <sup>2</sup> ), 760Kg

*Excellent levels of stock, outstanding service*
